

# Pegasus Soccer Club Academy Program – Spring 2012

The Spring **Pegasus Academy Program** provides an opportunity for the winter Academy Players to continue to build upon the skills learned from the winter. The players will continue to receive professional training and bring their newly acquired skills to the outdoor setting!

Our Academy Program is professionally designed and instructed by Pegasus trainers to meet the specific needs of developing young players.

The program is organized to complement the players' recreational experience, as they are encouraged to continue playing recreational soccer while participating in the Pegasus Academy Program.

Please note that players are grouped by ability, so boys and girls may play together.

## Little Strikers

**Age: 5-7** (as of first day of session)

Sessions will consist of 60 minutes of fun, skilled-based activities and game play. Players will learn the game through creative and entertaining methods designed specifically for this age group. All players will participate and learn from professional trainers in a relaxed, fun atmosphere.

## Pegasus Futures/Try-out Prep

**Age: 8-10** (as of first day of session)

The Futures Program is geared towards players looking to try out for Pegasus and supplement their AYSO soccer programming for the spring. This program will also follow the pattern combining 60 minutes of fun, skilled-based training and game play.

## The Pegasus Soccer Club Academy Program for boys & girls, ages 5 to 10!

**Reserve a spot today! Enrollment is limited!  
6 week program for only \$125!**
